SÍNDROME DA APNEIA E HIPOPNEIA OBSTRUTIVA DO SONO (PAPERBACK)

Novas Edições Acadêmicas, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: Portuguese . Brand New Book. A SAHOS é uma doença crônica que se caracteriza por ronco e apneias que causam microdespertares e fragmentação do sono. Por este motivo, objetivou-se avaliar o impacto do uso da pressão positiva contínua pre e pós tratamento sobre sintomas depressivos e qualidade de vida em pacientes com SAHOS. Os pacientes foram submetidos a avaliação antropométrica, sonolência diurna, qualidade do sono...

Reviews

This publication can be well worth a study, and far better than other. Better than never, though I am quite late in starting reading this one. It's been printed in an exceedingly simple way and it is only soon after I finished reading through this book in which really transformed me, altered the way in my opinion.

-- **Miss Alisa Toy**

This is the very best ebook I have got to study until now. This is for those who state there had not been a worth reading. You can expect to like the way the writer wrote this book.

-- **Jeffrey Ritchie**

Absolutely among the best publication I have at any time gone through. It is definitely basic but shocks from the 50 % of the book. I discovered this book from my friend and dad advised this publication to find out.
