### Reviews

*This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

The No-Nonsense Guide To Blizzard Safety is the third in a series of crisis manuals focusing on natural (and man-made) disasters. This guide is designed to provide a comprehensive source for the latest research related to blizzard safety. Subjects covered include: providing a basic survey-level understanding of blizzards; how to be proactive in preparing for a blizzard; providing suggestions by government and weather professionals/researchers on the best courses of action before, during, after a blizzard; what to do if trapped in a blizzard; what life-or-death issues remain after a blizzard has passed. This manual also contains several useful appendices that include a suggestions about driving in treacherous winter weather and skidding protocols, a list of useful weather-warning smartphone and computer apps, and a detailed description of the various stages of frostbite.
