## Poly-MVA A New Supplement in the Fight Against Cancer

By Robert D. Milne

Basic Health Publications. Paperback. Book Condition: New. Paperback. 48 pages. Dimensions: 8.3in. x 5.0in. x 0.3in. Poly-MVA is the first commercially available product in a newly recognized class of supplements known as palladium lipoic complexes (LAPds). Promising evidence indicates that Poly-MVAs ingredients can target and eliminate cancerous cells without harming healthy ones. Poly-MVA's total lack of toxicity and its many rejuvenating and healing effects on cell function make it an ideal nutrient for the prevention of other diseases and for general support of health as well. Poly-MVA begins with an easy-to-understand discussion on cancer formation so that readers can understand how alternative cancer therapies such as palladium lipoic complexes can help. It introduces Poly-MVA and provides all of the up-to-date information on this promising supplement. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.

### Reviews

*The most effective pdf i possibly read. It is amongst the most amazing publication i actually have go through. You are going to like the way the author publish this pdf.*

-- **Chelsea Durgan PhD**

*I actually started off looking over this pdf. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.*
