Hurst, 2013. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "This fine-tuned monarchical resilience, Davidson argues, cannot be sustained for much longer. Immense internal pressures are building up and the pressure-cooker is about to explode. Davidson marshals an impressive array of evidence." -- Independent "An important account. . . The dynamics he analyses and the facts he has gathered, based on long-term observation of the region, provide tantalising clues that profound change may indeed be at close hand." -- Dirk Vandewalle, Associate Professor of Government, Dartmouth College "Britain and the US are uncritical friends of the hereditary Gulf rulers; but what if they are likely to collapse, as Christopher Davidson convincingly predicts? It would be folly to ignore the writing on the wall for these insatiably greedy elites; Davidson's warning should be on the desk of every Foreign Office Minister." -- Lord Avebury, Vice-Chair of the All-Party Parliamentary Human Rights Group 'After the Sheikhs is a book of tremendous value. It applies a rigorously constructed theoretical framework to a rich array of empirical data in order to assess the long-term survivability of some of the world's last authoritarian holdouts. For anyone interested in understanding the post-2011 Middle East, this is essential reading'. -- Mehran Kamrava, Director of the Center for International...
