THE BONE TRADERS

CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 182 pages. Dimensions: 9.0in. x 6.0in. x 0.4in. Mother Nature has finally quelled her wrath. She has succeeded in stalling technology as we know it today. Her warning must be heeded: Learn to walk before you run. The solar storm, as you remember, lasted for eight months. The crust of this planet was left scarred with disaster zones. Those that survived natures warning, mainly the young, managed to migrate. The elderly were less fortunate. They were left abandoned to live in sweltering heat and forced to recreate a past life that is void of a babys cry. This story, based on the authors original screenplay, focuses on two seperate communities where dying has become an industry, a woman able to give birth now only a dream. The disillusioned Reverend Dickinson shepherds his ageing community by false-hope, whilst, a few miles away, Trader barter life for death using a macabre reminder of the past to gain economic superiority. In the midst stands the beautiful young woman, Danya. Protected by her shotgun wielding, abrasive mother, Danya is the only remaining hope of escaping the poverty and aridness that surround them all. Into this environment, a young man arrives accompanied by Dog, a scavenger of the sky. Joe communicates with the dead and is able to learn the secrets of the past and, consequently, change the future. He is gifted with the ability to use his internal, positive energy to traverse the often hostile and tempamental gap in time left between life and death. Every moment Joe spends in the past is a personal sacrifice and what he dangerously learns may, or may not, agree with the insatiability of those around him. But because of Joes presence, his inherited...
