Reviews

This written publication is wonderful. It is probably the most incredible publication i actually have read through. Its been written in an extremely basic way in fact it is merely following i finished reading this publication where basically transformed me, alter the way i believe.

Minotaur Books, United States, 2016. Paperback. Book Condition: New. Reprint. 208 x 140 mm. Language: English . Brand New Book. A woman s corpse is discovered in a meadow. A strange combination of letters and numbers has been tattooed on the soles of her feet. Detective inspector Beatrice Kaspary from the local murder squad quickly identifies the digits as map coordinates. These lead to a series of gruesome discoveries as she and her colleague Florin Wenninger embark on a bloody trail a modern-day scavenger hunt using GPS navigation devices to locate hidden caches. The owner of these unofficial, unpublished geocaches is a highly calculating and elusive fiend who leaves his victims body-parts sealed in plastic bags, complete with riddles that culminate in a five-stage plot. Kaspary herself becomes an unwilling pawn in the perpetrator s game of cat and mouse as she risks all to uncover the motives behind the murderer s actions. Five is definitely not a book for the faint-hearted, but it delivers great suspense, unexpected plot twists, and multi-dimensional characters.
