The Earth is truly a remarkable place to live; it is full of enchanting life. All of the elements and the conditions that are in place for life to exist are full of heart-tugging romances. Even bodies of waters have natural captivating capabilities with no effort apart from being. Romancing Earth encourages us to observe. If we would just take a little time, we would see that we are continually being romanced every day by a most mesmerizing romancing Earth. In Romancing Earth, each acrostic poem that describes the word signified in the poem, boldly expresses and declares its right to qualify for enticing fascinations of an aura belonging solely to the essences of the word itself. An expressed sense about itselfa].
